- complete design & production
- MOQ - 360 roll / order

ACCESSORIES

- heavy duty tape dispensers & applicators
- office dispensers
- residue removal aerosols

INDUSTRIAL SOLUTIONS

A tesa® as one of the leading global manufacturer of innovative and reliable adhesive solutions offer wide variety of Products tot he automotive & electronics industry.

TESA - MOBILITY PRODUCTS

- hole covering
- harnessing
- mounting
- masking

ENVIRONMENTAL CONSCIOUSNESS IN THE INDUSTRY

- PCR / primer recycled plastics
- FSC certified paper and wood products
- Bio PE / PLA plastic bags
- PCR stretch films

The mark of
responsible forestry

Industry is an important part of human civilization through the global economy but also one of the greatest polluter in our planet. Sustainability became one of humanity's greatest challenge today to reduce our industry's impact on the global environment.

Therefore Elastic Ltd. try to improve its business policy, manufacturing techniques and its „green“ portfolio according to the environmental consciousness rules, regulations and suggestion of the European Union and popular global environmental trends.

MILESTONES

- ISO 14001 certification
- FSC paper products
- post-consumer-recycled and primer-waste recycled raw plastic material
- plastics from renewable sources (PLA, Bio PE)
- reducing CO2 emission year by year
